About me

I am a Youth Ambassador and volunteer with UNICEF France. I have experience in IT, particularly in website creation and visual design. I enjoy designing useful, modern, and innovative tools. I also work as a freelancer, using digital and graphic design tools (Adobe, Canva, OpenCode, VSCode, Antigravity) for both professionals and individuals.

Experience

UNICEF France

November 2024 - Current

- Discussion avec Sarah El Haïry, Former Minister, for Okapi.
- Creation of a partnership between UNICEF Val de Marne and Anglofun Schools (English school)
- Presentation to new volunteers Softwares that our organisation uses.

Gender Equity Club

September 2025 - Current

- Putting in place new digital softwares to spread awareness regarding Gender Inequality.

Datadog France

January 2025 - April 2026

- Presentation to Youth "What is Datadog" during the "Bring your child to work day".
- Creation of vibe-coded projects (Snake, Tic Tac Toe, Vibebooth), with Zite and Antigravity.
- Putting in place a workshop to initiate youth with creativity with the software Canva.

Trainings

Le RGPD et ses notions clés

CNIL, May 2026

- E-learning Training that teaches how the French GDPR works, with all laws and informations required.

GDPR and its key concepts

UK Data Protection, April 2026

- E-learning Training that teaches how the UK GDPR works, with all laws and informations required.

Spread awareness

UNICEF France, February 2026

- Spreading awareness about Children's Rights to children and adults with correct awareness supplies.
